

On the motion of \_\_\_\_\_, seconded by \_\_\_\_\_, the following Resolution was proposed:

## **RESOLUTION**

A resolution to adopt the JLUS Implementation Tools, which is a list of compatibility tools that can be used as possible encroachment reduction strategies. These tools establish clear mechanisms for information exchange among residents, local governments, and the military, as well as identify possible approaches to reduce the effects of NAS JRB New Orleans activities on surrounding communities.

The resulting set of tools seeks a balance among the local jurisdictions, the Navy and the public by stressing:

- the feasibility of implementation;
- the protection of the critical military missions performed by NAS JRB New Orleans;
- the ability to sustain the economic health of the region and protect individual property rights;
- and the protection of the health, safety, welfare, and overall quality of life of those who live and work in within the vicinity of NAS JRB New Orleans.

**WHEREAS**, on February 12, 2010, the Plaquemines Parish Government executed a Professional Services Agreement with GCR & Associates, Inc. to conduct a Joint Land Use Study (JLUS) for the Naval Air Station Joint Reserve Base New Orleans, Belle Chasse, Louisiana.

**WHEREAS**, on February 19, 2010, a JLUS Policy Committee was created to review policy issues and final endorsement of the completed report and recommendations made by the JLUS Technical Committee.

**WHEREAS**, on August 18, 2010, a JLUS Policy Committee met and approved the adoption of the JLUS Implementation Tools, dated August 18, 2010.

**NOW THEREFORE BE IT RESOLVED**, by the JLUS Policy Committee, that the Parishes of Jefferson and Plaquemines review and adopt the JLUS Implementation Tools which recommend JLUS strategies that are intended to guide appropriate development to maintain the operational capabilities of NAS JRB New Orleans, Belle Chasse, Louisiana.

The foregoing was submitted to a vote, the vote thereon was as follows:
